PAUL McCLOUD AND PETER HORAN
TOGETHER IN CONCERT

Two of Australia's most popular independent artists have joined forces to present a **not to be missed** concert during 2006. The velvet voice of Paul McCloud combined with the incredible musical talent of Peter Horan at the piano performed together to a sellout crowd at the Tamworth Town Hall during the Country Music Festival at Tamworth in January this year.

Voted two times "Most Popular Artist On Tour", Paul McCloud has been touring extensively for the past 22 years, since the release of his first album in 1982. Paul released his 18th album at the Tamworth Festival in January 2006. He also runs his own successful festival of Campfires and Country Music each year at the family property Hartwood near Tambar Springs NSW.

Early studies at the Conservatorium of Music set the magic hands of Peter Horan in motion with the classical sounds of Beethoven and Bach before encompassing many of the more popular songs of all time that appeal to people of all ages. Peter's famous self-penned tune "Goanna" received great accolades and airplay from radio broadcaster John Laws.

Both Peter and Paul have been inducted into the Hands Of Fame in Tamworth in 2002 and 2003 respectively.

The special connection between these two artists that reaches out to embrace the audience plus the great variety of music and songs makes this concert a rare treat for young and old alike.
